

# Pharmacy Technician Internship (MNP1305)

**APPLY HERE**

**THIS IS AN ON-SITE INTERNSHIP.**

**WORK PERMIT IS PROVIDED!**

## Role Description

This is a fantastic opportunity for a passionate and dedicated pharmacy student to work within this fast-paced retail environment, with state-of-the-art drug dispensing equipment. Mentored throughout, you will gain vital experiences of a pharmacist's role in a dispensing chemist environment. A typical day will involve handling prescriptions and stock control. This is the perfect environment to advance your career and expand your skillset which are essential for working in a community practice. If you want to make a difference to people's lives, add real value to your CV and be a part of a growing chain of pharmacies across Northern Ireland, then apply today!

## Tasks

- Assist with medicine preparation and prescription labelling when required.
- Manage repeat prescription ordering services via telephone and online platforms, including collection point registrations, prescription preparation and patient notifications when orders are ready.
- Operate EPOS till systems, processing transactions, updates and price changes in line with pharmacy Standard Operating Procedures.
- Support stock management and ordering processes, including receiving deliveries, maintaining medicine stock levels and carrying out regular stock checks to remove expired items.
- Follow established procedures to ensure safe, accurate, and consistent pharmacy practices.

## Desired Skills

- Studying towards a degree in Pharmacy or a science/health-related field.
- Excellent communication skills.
- Experience in community pharmacy is an advantage.
- Courteous, compassionate, and empathetic personality.
- Experience in working as a part of a team and willingness to get involved with tasks.

## The Host Company

This family run pharmacy group is at the heart of the local community and conducts over 20,000 face to face consultations per year on a range of medical conditions and helping people with their medicines. They specialise in minor ailments treating over 1000 patients annually in this area alone. They deliver over 10,000 prescriptions per annum to the elderly and housebound and in the last 2 years we have protected over 250 people from seasonal flu with their flu vaccine service. Investing in their people they have the skills and knowledge they need to help people. With 3 stores and plans to grow across Northern Ireland, they have an end-to-end online prescription ordering system, with fully embedded robotic dispensing machines.
